Stockholm, December 3. O. S.

COUNT Freytag, the Emperour's Envoy, who arrived here the Middle of last Month, had his first private Audience of the King on the 28th, when he delivered his Credentials, and complimented his Majesty on his Accession to the Crown. He had also Audience of the Queen the same Day; and on the 1st Instant in the Evening the Countess his Lady was introduced to her Majesty. Yesterday was observed here, as a Day of Thanksgiving for the Peace concluded with the King of Great Britain as Elector of Hanover, and with the Kings of Denmark and Prussia, and at the Conclusion of *Te Deum* which was Sung in the Morning in the Royal Chapel, 130 Cannon were twice discharged. In the Afternoon both the King and Queen went in State to the principal Church here called St. Nicholas, where *Te Deum* was again Sung: And in the Evening there was a Ball and a very great Appearance at Court, when their Majesties were complimented on the Occasion by the Senators, foreign Ministers, and other Persons of Distinction. General Hamilton returned hither Yesterday from Gastle, and was very graciously received by the King.

Paris, Jan. 11. The honorary Directors of the India Company, together with the eight Commissioners appointed in the last General Assembly to assist them, met on the 6th Instant at the Bank, in the Presence of the Duke of Bourbon, to deliberate upon several Matters relating to the Interests of that Company, and they named M. Crosat, Paris the Elder, and Grassin, to revise the Accompts of the Directors, and to lay them before the King's Commissaries appointed for that Purpose. An Arrêt was published on the 7th Instant for taking from the India Company the Profits of the Mint, and the General Farms, except that of Tobacco; and the Administration of the former is to be put upon the Foot it was heretofore. It is advised from Provence, that the Plague rages still, and has newly infected several Places, among them Toulon and St. Remy. Two Arrêts were published Yesterday, one for re-establishing the Receivers General of the Finances upon the same Foot they were heretofore, and the other for obliging the Proprietors of the Actions of the India Company to pay 105 Livres in Specie for every Action instead of 150, whereof one third was paid formerly in Bank Notes; and whereas it had been complained of, that Actions marked with a third Seal had been counterfeited, they are all to be brought back to the Bank in order to be examined. The Actions are fallen considerably within these three Days. M. Fromager, Director of the India Company, Bourgeois Treasurer, and Du Revest Comptroller of the Bank, who were sometime ago committed to the Bastile, are set at Liberty, having justified themselves to the Commissioners appointed by the Court to inspect their Accompts. The Reduction of the Troops is put off for some time. On the 7th Instant all the vacant Benefices were filled up, and a List of them will be published very shortly. The Pope's Bulls for the Great Mastership of St. Lazarus, in favour of the Duke of Chartres, arrived two Days ago.
